# **Directors' Report**

Dear Shareholders,

We are pleased to present our half yearly report for your company's performance as at December 31, 2014.

The six months period under review incurred loss before tax of Rs 31.3 million and after tax loss of Rs 40.8 million, as compared to the previous corresponding half year's profit before tax of Rs 18.5 million and after tax of Rs 6.6 million.

The highlights of the half year include:

- Decrease in sales revenue by 31% (Rs 366million) as compared to last year corresponding period due to decrease in production and sale prices of textile items and maximum utilization of our in house yarn production.
- This half year incurred gross loss of 0.34% (Rs.2.8 millions) as compared to gross profit of 3.9% (Rs.45.7) in previous corresponding period as since start of the year textile sector is under pressure due to reduction in exports of textile products by our main country China. Whereas in the local market prices could not provide reasonable margins & the power crises has further deteriorated since July 2014, greatly impacting the production processes.
- Increase in financial cost to Rs 11.4 million from Rs 5.1 million in the last corresponding half year as term finance of Rs. 100 million from Bank Alfalah Limited for 24 Air Jet Looms was disbursed in August 2014 and an amount of Rs.5.2 millions incurred in mark up cost

The trend in the second half is expected to illustrate good recovery since our new loom shed of 24 looms has started its full production in the month of December 2014. In addition the fuel prices have decreased by almost 30%, which will reduce the power costs in the upcoming period. We have also got our diesel generators in operation due to the feasibility at the current prices of fuel that would help us to reduce the effect of frequent power outages to maximize utilization of our installed capacity. We are hoping these favorable measures will improve our performance in the forthcoming period.

For and on behalf of the Board,

**Chief Executive**

# Auditor's Report to the Members on Review of Condensed Interim Financial Information

#### Introduction

We have reviewed the accompanying condensed interim balance sheet of **Redco Textiles Limited** as at December 31, 2014, and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement and condensed interim statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the "interim financial information") for the half year then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review.

The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the quarter ended December 31, 2014 and December 31, 2013 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2014.

## **Scope of Review**

We conducted our review in accordance with international standard on review engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of the persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as of and for the half year ended December 31, 2014 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.
